WHY CHOOSE HAPWOOD™?

# EXPERIENCE

The Hapwood™ product line's roots go back three generations. H.C. "Hap" Howell, was the founder of Howell Hardwood Flooring's parent company almost 75 years ago. Harry Howell, Jr., continued to build on the same foundation, and today Clay Howell carries on the family legacy.

There's a reason that Hapwood™ is the oldest continuous unfinished engineered flooring product line on the market! It begins with our excellent partners - our suppliers, our well-trained staff, and our customers. We began manufacturing Hapwood™ 22 years ago with a desire to be excellent and always improving.

So whether it's for new construction or remodeling, you can count on time-tested quality with each and every board.

Hapwood™ by Howell- Ask for it by name.
